

PROGRAMME SPECIFIC OUTCOMES
AND COURSE OUTCOMES OF
HISTORY (UG & PG)

VISION

To prepare students for various vocations and professions by imparting knowledge and skills in home science and related areas.

MISSION

To identify and nurture the innovative entrepreneurial abilities, creativity, problem solving ability and scientific attribute of students.

Home Science

Programme Specific Attachment

- ❖ **PSO1** The courses on skill development, innovation and capacity building.
- ❖ **PSO2** Practical training / exposure through project work, demonstration, expert lectures etc gives hands on experience to students.
- ❖ **PSO3** Sensitizes students with industry – academic needs, national & global issues and challenges and solution for societal development from grous –root level i.e. home.
- ❖ **PSO4** Courses aim at making the students self reliant with necessary proficiencies for a wide variety of career with entrepreneurial skill & placement.

B.A. – I

Paper	Paper Code	Course outcome
Paper-I Anatomy Physiology and hygiene	Paper Code - 0121	Student should be able to CO1 Understand Skeletal System Muscular System, Circulatory System, Digestive System and Nervous System, CO2 Evaluate the Importance of personal, Social hygiene, environmental and Industrial hygiene. CO3 Implement first aid home nursing.
Paper-II Home Science Extension Education	Paper Code - 0122	Student should be able to CO1 Understand the concepts, goals and areas of home science extension education. CO2 Understand participate and organize Community Development Programmes. CO3 Implement and adopt teaching methods and aids for home science teaching. CO4 Develop attitude towards home science. CO5 Understand curriculum planning in home science.

B.A. – II

Paper	Paper Code	Course outcome
Paper-I Textile and Apparel Science	Paper Code - 0191	Student should be able to CO1 Understand the concept, characteristics, classification of textile and chemical testing in apparel science. CO2 Understand the types and methods of apparel printing & washing.
Paper-II Family Resource Management.	Paper Code - 0192	Student should be able to CO1 Understand the concepts process of home management. CO2 Implement the principle factors and accessories for home decoration. CO3 To know about traditional and non-traditional sources of fuel/energy for kitchen.

B.A. – III

Paper	Paper Code	Course outcome
Paper-I Human Development	Paper Code - 0253	Student should be able to CO1 Understand the concept of growth, principles of development, factors affecting child development, heredity and environment. CO2 Know the stages of development prenatal infancy, childhood and Adolescence. CO3 Underling effect of normal and scissoring delivery, physical, sensors, motor emotional development of infants. CO4 Know the characteristics of childhood and adolescence stage. Development of emotional behaviour. Characteristics, motor abilities, social development stages etc. CO5 Understand habits, children delinquency. Types, causes and remedial measures.
Paper-II Dietetics and Nutrition Science	Paper Code - 0254	Student should be able to CO1 Understand the concepts of nutrition and nutrients like carbohydrates, fats, proteins, atamans etc.. CO2 To know the various sources of nutrients like cereal's, pulses, milk, fruits and vegetables, spices, non-vegetarian food products etc. CO3 Understand food adulteration, food presuming, food preservation, food storage etc.

		<p>CO4 Understand food planning and its importance for children, pregnant women, old people infants etc.</p> <p>CO5 Understand the concept and importance of therapeutic nutrition. To know the therapeutic diet for discuses like Diabetes, obesity, malnutrition, High blood pressures, stomach related disorders like constipation, indigestion etc</p>
